

PAVILION COLLECTION

The best quality under the sun!

Standard Vinyl Pavilions

Don't let the word "standard" fool you. It simply refers to a pavilion that you can get quickly, without needing to make a lot of design choices we've already thought through. A standard vinyl pavilion is simple, classically styled, and made to the highest quality standards. It offers all the beauty and quality of a custom pavilion.

And being made of vinyl, the standard pavilion is maintenance free, so you can spend time enjoying it, rather than working on it.

Standard Wood Pavilions

When it comes to luxurious warmth, nothing beats wood. Unique grain patterns and rich colors that glow in the late afternoon sun create a mood that beckons you inside. To get a wood gazebo quickly and easily, order our standard model.

We've already made the design choices to create a simple, classic style with clean lines. And the quality? Like all quality pavilions, it's unsurpassed.
